MADE IN

AMERICA

- Stainless Steel won't react with Aluminum or wood to leave unsightly rust or corrosion stains on trim material
- Manufactured from high quality T-304 Stainless Steel, a very strong, corrosion resistant material
- Manufactured with a .072" shank diameter to help reduce wood splitting, sharp points for easier driving
- Small smooth 11/64" heads for inconspicuous and attractive trim work
- Smooth shank or ring barb shank, for greater holding power, are both available from stock
- Clendenin Brothers trim nails are painted with premium baked enamel paints. We match the colors offered by all of the best manufacturers of siding and trim
